

ELECTRONIC FILING INSTRUCTIONS FOR CANDIDATES

In order to get started filing your C-3 and C-4 reports electronically, you will need to do the following:

1. Complete and mail to the PDC an accurate & current registration form (C-1), if you haven't already done so.
2. Complete and mail to the PDC a signature authorization document and a password document. Faxes will not be accepted because we need to have an original signature on file. Sample forms can be found on pages 2-3.
3. Once the PDC has received your signature authorization, password document, AND registration form (C-1 or C-1PC), we will send you your Filer ID via e-mail.

Although the WEDS software will allow you to prepare a C-1 Candidate Registration Statement, these forms are not being accepted electronically. These forms must be submitted on paper. The only forms that can be submitted electronically with WEDS are C-3s and C-4s, including any attachments that go with those forms (Sch. A, Sch. B., Sch. L, Auction Reports, etc...).

NOTE: It is your responsibility to print out and file all necessary campaign finance reports with your county auditor or county elections officer.

Electronic Filing Passwords for [Candidate]

The treasurer's name is: _____

The treasurer's password is: _____

The candidate's name is: _____

The candidate's password is: _____

Create a password for the candidate and one for the treasurer and mail them with your signature authorization. Each password should be at least 3, but no more than 10, characters in length. You may use letters or numbers or a combination of both. Also you may use upper and/or lower case letters, but keep in mind that passwords are case sensitive. The PDC's electronic filing system will use your unique passwords and Filer ID to digitally encrypt and sign your electronic reports.

Send to:
Public Disclosure Commission
P.O. Box 40908
Olympia, WA 98504-0908

NOTE: WEDS requires two passwords to electronically file, so if there is only one authorized signer, that person must have two passwords.

It is your responsibility to protect your password!
